

# The Frankfort Roundabout.

GEORGE A. LEWIS, Publisher.

DEVOTED TO LOCAL AND SOCIETY NEWS.

TERMS, ONE DOLLAR PER YEAR

Volume IX.

FRANKFORT, KY., OCTOBER 24, 1885.

Number 6.

There will be a temperance meeting at the Court House to-night. Everybody invited.

There will be preaching in the church at Leestown Monday, Tuesday, Wednesday and Thursday nights of next week. All are invited to attend.

The Board of Sinking Fund Commissioners of the city of Frankfort have redeemed thirteen thousand dollars of the city school bonds, leaving outstanding of these bonds to date ten thousand dollars.

The city has sold to Mr. Michael Sullivan fifteen feet more of the market house property, at thirty dollars per front foot on Market street. They have also agreed to sell to Mr. C. C. Jennings at the same price twelve or fifteen feet of same property. This latter sale when completed will leave the city owning about 42 feet near the centre of the lot, which they have offered to Maj. Bloom, of Lagrange, at the same figure.

The hose of the city fire department cannot be attached to the fire plugs put up by the Frankfort Water Company for the reason that the connection is not the same size as the hose. The Company have proposed to furnish the city four reducing butts, to be used in the attachment, which the Water and Fire Committee of the City Council have under consideration. Whether this will meet the case the Committee will inquire.

## Latest News.

Mrs. Harris has just returned from the east where she has selected a very large line of French millinery in all the latest novelties, and I am ready to take orders. I have employed extra help in order to make up for lost time. I have also purchased an elegant line of fancy dry goods and notions. You will find all the latest novelties which could be bought in New York city at my establishment. Examine my stock before purchasing, as my prices will satisfy everybody. Remember the place, 224 St. Clair street, Frankfort, Ky., next door to McClure Bro's.

F. O. HARRIS.

Owing to the frequent bursting of the water pipes we have not been able to get our water motor in operation, but taking advantage of the pressure put on the mains for a short time Thursday afternoon, we "let her go," and it performed beautifully. A number of gentlemen of experience in handling machinery were present, and all pronounced the power much better than steam, the motion of the wheel being very steady, regular, and almost noiseless. The plumbing work for the machine was executed by Mr. J. T. Buckley, and was as tight as a jug. His workmen, Messrs. Ed. and Harry Clasing, understand their business thoroughly, and we take pleasure in recommending these young men to anyone wishing a machine of the kind set up, or plumbing work of any kind executed.

## Educational.

Doctors, lawyers, merchants and other acute men sit upon our School Board and act in a way which if it had been followed in their regular business, would have sent them all to the poor-house. The only question that they successfully grapple with is how to cut down the wages of teachers.

To save two hundred dollars in money they will sacrifice ability and worth.

Please give the schools some little of the tact you put into your own affairs.

The beginning is the chiefest part of any work, especially in a young and tender thing; for that is the time at which the character is formed and most readily receives the desired impression.—*Plato's Republic*.

Children have more need of models than of critics.—*Joubert*.

Education should be tender and severe, not cold and soft.—*Joubert*.

One cause of pulmonary trouble is a stooping posture. No words need such iteration by American teachers as "sit up."—*Connecticut School Report*.

## Bridgeport.

Shoat and turnips.

Hickorynuts, walnuts and grapes.

The scarlet fever has about subsided.

We have had considerable rain this week.

Mr. W. T. Russell made a business trip to Louisville this week.

Charlie Jenkins has purchased the Hickman place of Mr. J. H. Bailey.

Mrs. Mollie Armstrong has returned home from a visit to friends in Indiana.

Mrs. John Dennis and daughter, Mrs. Katie Chambers have returned home from a visit to Louisville.

Charlie Julian has so far recovered from the injuries he recently received by his horse falling with him as to be able to be out again.

The Franklin County Teachers' Association convened in Frankfort Public School Building Saturday, Oct. 10th, 1885.

The meeting was one of unusual interest. Each one endeavoring to the uttermost to make the occasion profitable and to advance the educational interest in our county. From present indications a brighter day is dawning for schools in this grand old Commonwealth. Teachers and parents alike are awaking to a full realization of the responsibility that rests on them.

The address of Prof. J. B. Lea on "Compulsory Education" was a masterly effort, reflecting great credit on the young gentleman. Long may he wave.

Col. John L. Scott's address on the manner in which his private school is conducted was very ably presented, convincing all present of its fitness. The thanks of the association, by a unanimous vote, were extended the Col. for this manifestation of interest in education.

Col. T. B. Ford was also present and rendered valuable aid in his usual eloquent style.

Messrs. J. B. Lea and C. H. Parrent, resident teachers of Bridgeport, invited the Association to hold its next meeting in that town, which was accepted and the first Saturday in November at 10 o'clock sharp was designated as the time when we hope to see a full representation of teachers present. It is also earnestly requested that trustees and patrons will make an extra effort to be present. Ample provision will be made for all who may attend. Messrs. Ford, Lea and L. P. Hulett were appointed a committee in regard to Franklin County Historical Society.

## Benson.

Mrs. Ella Pattie left for her home in Texas Monday.

Mr. J. W. Payne was around shaking the boys up last Friday and Saturday. Mrs. Ryan has purchased all of Allen Hamilton's farm north of Benson creek, for the sum of \$200.

Mr. W. D. McChesney has settled down to house-keeping—the happiest man living.

We are glad to learn that Mr. Ed. Coleman contemplates matrimony.

Mr. Oscar McAndrew has removed to the Robinson farm from Cedar Run. Tobacco crop is saved without damage by frost.

Farmers about through sowing wheat, with considerably increased acreage.

We predict that few swarms of bees will pass through the coming winter. Born, on the 29th inst., to Mr. Allen Clark and wife, a son.

Esq. J. B. Hamilton is erecting a spacious barn.

Benson wants a blacksmith and a physician. A good point for either or both.

Benson has less litigants than any precinct in the county.

About 60 sheep have been killed by dogs in this neighborhood within the past two weeks. How many assessors do their duty in assessing dogs? If a few of the assessors of the State were indicted for failing to do their duty in this respect, it would be wholesome.

I nominate Col. T. B. Ford for State Superintendent of Public Instruction. I present him as the champion friend of common school education in the State of Kentucky. I name him as the man at whose hands every teacher in the State enjoys the benefits of an increased per capita. I present him as a thorough-going, conscientious gentleman of the broader type, who will not set idly by and see the common fund robbed of its resource; I present him as the man to whom Kentucky owes the office for his championship and victory in an almost friendless suit, even against the protests of the present incumbent.

Tom Ford being a modest, unassuming gentleman, seems not to desire

the prominence and credit he deserves. Come out, Tom, and let the public know to whom credit is due. If Kentucky possesses gratitude you can win. If the people vote intelligently you will win.

Glad to learn Prof. James B. Lea has abandoned the idea of buying a farm, with the view of investing his bottom dollar in a ship. "Such is life," however incredible.

*Credula res armor est.*  
Vale, JULIUS.

LOST—On Monday afternoon a red morocco pocket book containing \$5 and an Exposition ticket from Memphis to Louisville. Any one returning the ticket to this office may keep the money. MRS. D. C. JONES.

Care Dr. Guber.

## A New King on the Throne!

"Malaria," as a "popular ailment," has given place to a new potentate.

If you have Rheumatism now, the medical wisacres exclaim—"Uric Acid!"

If you have frequent headaches, they sagely remark—"Uric Acid!"

If you have softening of the brain, they insist that it is—"Uric Acid!"

If Sciatica or Neuralgia make life miserable, it is—"Uric Acid!"

If your skin breaks out in Boils and Pimples, it is—"Uric Acid!"

If you have Abscesses and piles, "Uric Acid" has set your blood on fire.

If you have dull, languid feelings, backache, kidney or bladder troubles, gout, gravel, poor blood; are ill at ease, threatened with paralysis or apoplexy, vertigo; are bilious, dropical, constipated or dyspeptic—"Uric Acid" is the key to the situation, the cause of all your difficulties!

We do not know as madam Malaria will take kindly to this Masculine Usurper, but he has evidently come to stay.

"Uric Acid"—this monster, is the product of the decomposition—death—constantly taking place within us, and unless he is every-day routed from the system, through the kidneys, by means of some great blood specific like Warner's safe cure, which Senator B. K. Bruce says snatched him from its grasp, there is not the least doubt but that it will utterly ruin the strongest human constitution!

It is not a young fellow by any means. It has a long and well-known line of ancestors. It is undoubtedly the father of a very great family of diseases, and though it may be the fashion to ascribe progeny to it that are not directly its own, there can be little doubt that if it once gets thoroughly seated in the human system, it really does introduce into it most of the ailments now, per force of fashion, attributed to its baleful influence.

## Most Excellent.

J. J. Atkins, Chief of Police, Knoxville, Tenn., writes: "My family and I are beneficiaries of your most excellent medicine, Dr. King's New Discovery for Consumption; having found it to be all that you claim for it, desire to testify to its virtue. My friends to whom I have recommended it, praise it at every opportunity."

Dr. King's New Discovery for Consumption is guaranteed to cure Coughs, Colds, Bronchitis, Asthma, Croup and every affection of the Throat, Chest and Lungs. Trial Bottles free at Jos. LeCompte's Drug Store. Large size \$1.00.

**BROWN'S**  
**IRON**  
On Every Bottle  
**BITTERS**  
—THE BEST TONIC.

This medicine, combining Iron with pure vegetable tonics, quickly and completely cures Dyspepsia, Indigestion, Weakness, Impure Blood, Malaria, Chills and Fevers, and Neuralgia.

It is an unfailing remedy for Diseases of the Kidneys and Liver. It is invaluable for Diseases peculiar to Women, and all who lead sedentary lives. It does not injure the teeth, cause headache, or produce constipation—other Iron medicines do. It enriches and purifies the blood, stimulates the appetite, aids the assimilation of food, relieves Heartburn and Belching, and strengthens the muscles and nerves.

For Intermittent Fevers, Lassitude, Lack of Energy, &c., it has no equal.

The genuine has above trade mark and crossed red lines on wrapper. Take no other. Made only by BROWN CHEMICAL CO., BALTIMORE, MD.
